

info-Kompass

Information events for migrants
organised with ease

www.fabialuzern.ch/info-kompass

How does the school work in canton Lucerne function?
How to eat healthily and at low cost in Switzerland?
How can parents support their children in choosing a career?

The info-Kompass helps the non-indigenous population to answer such questions. Municipalities, migrant associations, organisations and companies can book an info-Kompass offer free of charge and organise an information event for migrants.

All courses are led by a specialist, interpreters or intercultural mediators can also be involved if required.
